

Tohoku University & National Taipei University of Technology 2024 Joint Symposium (7th TU-TaipeiTech JS)

Date: November 26 (Tue)– 27 (Wed), 2024
Venue: IMRAM South Multidisciplinary Research Laboratory 2
Topics: Keynote Speech, Invited Talk (Young Researchers),
Collaborative Project Presentation,
Poster Competition (Students)

This symposium aims to not only promote research exchange between researchers and students from Tohoku University and National Taipei University of Technology but also to unearth the seeds of research themes that can lead to future collaborative research. This is the 7th time the symposium has been held, and there will be keynote speeches from both institutions that focus on future research visions, invited talk by up-and-coming young researchers, project reports and a poster competition by students from both universities. We hope you will participate.
